SWOT ANALYSIS

Strengths

- High sales growth
- Strong customer base
- Profitable regions.

Weaknesses

- Low margins in some categories
- Revenue concentration risk

Opportunities

- Regional expansion
- Cross-selling products

Threats

- Market competition
- Declining product profitability

KEY INSIGHTS

- ✓ Technology category generated the highest revenue.
- ✓ Consumer segment contributed the largest share of sales.
- ✓ West region consistently outperformed other regions.
- ✓ Top customers generated a significant portion of total revenue.
- ✓ Several products show high sales but lower profit margins.

Management Summary

The business demonstrated strong overall performance with steady revenue growth and healthy profitability. Technology products and the Consumer segment were the primary contributors to revenue. The West region emerged as the highest-performing market.

Future growth opportunities include expanding high-margin product lines, improving customer retention strategies, and increasing investments in top-performing regions.
